About Me

Dedicated MERN Stack developer with 1 year of hands-on experience with a passion for crafting seamless web applications. Proficient in React, MongoDB, Express, and Node.js, with a track record of delivering robust and user-centric solutions. Skilled in creating responsive interfaces, designing RESTful APIs, and collaborating effectively within cross-functional teams. Dedicated to maintaining high-quality code and staying updated with the latest development trends.

Professional Experience

La Majeste Group | Full-Time as Full Stack Developer

July, 2022 – Sept, 2023

Key responsibilities:
- Worked with a team of 4 web developers and provided end-to-end solutions for 20 clients.
- Developed and maintained front-end applications using **Next.js, React.js, Redux, Hooks,** and **Tailwind CSS**.
- Built scalable, high-performance back-end services with **Node.js, Express.js, and MongoDB**.
- Designed, optimized, and managed APIs to ensure seamless integration between front-end and back-end components.
- Applied TypeScript for enhanced code robustness.
- Established, maintained, and fine-tuned application performance to enhance efficient development processes.
- Collaborated cross-functionally with design, product, and other teams to deliver user-centric applications.
- Diagnosed, **troubleshooted**, and resolved bugs while adhering to code quality standards, and seamless **deployment.**
- Stayed updated with industry developments, trends, and emerging technologies.

Education Background

- **Software Engineering**
  Scaler Academy
  Session: 2023-2024 |

- **Bachelors in Computer Science Engineering**
  Chandigarh University
  Session: 2018-2022 |

Certifications

- Full-Stack Web Development with React Specialization from Coursera.
- Data Structures and Algorithms Specialization from Coursera.

Projects

PartyWitty Artist Module

Role: Full Stack Developer as Individual
Tech Stack: ReactJs, Redux.Js, TailwindCSS, NodeJs, Express, MongoDB, RozarPay, Docker, Deployment (VPS Server)

Key Features:
- Responsive and User-Friendly Design
- Seamless Appointment Scheduling
- Secure Payment Processing
- User authentication and authorization.
- Efficient Inventory Management
- Performance Optimization

EasySalon

Role: Full Stack Developer
Tech Stack: ReactJs, Redux.Js, TailwindCSS, NodeJs, Express MongoDB, Rest API

Key Features:
- Responsive and User-Friendly Design
- Salon billing and marketing software
- Seamless Appointment Scheduling
- Secure Payment Processing
- Efficient Inventory Management
- Performance Optimization
- Scalability for Growing Salon Businesses

Erhem Group

Role: Full Stack Developer
Tech Stack: Next.Js, Redux.Js, TailwindCSS, NodeJs, Express MongoDB, MUI, Stripe

Key Features:
- Responsive & User-Friendly Design
- Comprehensive services like graphic designing, web services, web design, logo design, etc.
- Integration with payment gateway(Stripe).
- Dynamic and user-friendly interface.

Erhem AI

Role: Full Stack Developer
Tech Stack: Next.Js, TypeScript.Redux.Js, TailwindCSS, NodeJs, Express MongoDB. Elastic Search

Key Features:
- Responsive and User-Friendly Design
- Near by restaurants, Automatic listing restaurant and Hotel based on the Area where you are.
- Advanced AI-driven solutions for businesses and restaurants.
- Predictive analytics and data-driven insights.
- Scalability for Growing Restaurants and Hotels Businesses

Erhem Scanner

Role: Full Stack Developer
Tech Stack: ReactJs, Redux.Js, TailwindCSS, NodeJs, Express MongoDB, Elastic Search

Key Features:
- Online order management and processing.
- Room Booking, Food Ordering, payment.
- Customize menu Order & Login Using OTP.
- User authentication and authorization.
- Restaurant, Room, Hotel, Menu Management.
- QR Scanner Management

Erhem Client

Role: Full Stack Developer
Tech Stack: ReactJs, Boostrap, Redux.Js, NodeJs, Express, MongoDB, Rest API

Key Features:
- Online order management and processing.
- Efficient payment and QR code scanner management.
- Hotel room management for the hospitality sector.
- Streamlined menu management.
- User authentication and authorization.
- QR Scanner Management.
